

Im always the thoughtful guy or let me say the one who thinks alot. Sometimes abit too much. I loveee my girlfriend so much being with bee is so refreshing.❤️ As she says she plans to bee in my life forever.

That note in your journal babe...really stuck with me alot!!😘 im writing this as I tear up cause as I thought about it I really want it to bee. I want you in my life forever too.❤️

I tell God everyday that she means alot to me and I loveee including her in my prayers. She is my honey to my rocks and my soothing balm.❤️ I write is around 7000 kilometers away from you babe. While I have been away ive been thinking about you all the time.❤️ Every sunset just reminds me of you. Every song we have shared together and every single glass of milk just reminds me of how lovely you are.

Phoebe kawiria njeri. What a human! What a lady!!

Yes babeee i always remember that you are mine!! And no matter where I am I will always remember im your favourite place. As much as you are mine.❤️

As I am now my best friend's boyfriend I feel

happy, at peace and alive. You have been the space between my breaths. ❤️

Among all the songs we have listened to together I would say the best song is definitely your laughter. 😘❤️
it's so lovely and soothing to see you laugh and smile.
That's why I spend a lot of time making dry jokes cause I know they make you laugh.

Thank you for inviting me to your home love. It was the most beautiful and incredible thing you did. 😘❤️ your home and my home are both our homes and I am so honoured to be part of yours. ❤️

As I get back, I would love to take you on more dates, make more memories and spend more insanely great time together.

I wanted us to create something artistic mainly cause we bond at the same time making something that is as beautiful as you are is sooo lovely and so amazing.

This is me saying you always have me ❤️

As your best friend and boyfriend and most of all my heart as you said in one of your notes.

Thank you for writing that part of your journal. Words

can only say how much those words in the journal meant to me. They meant to me more than you will ever know.

I loveee you so much hun. 😘❤️ As max vestappen said when he won the 2021 title

"Could we do this for another 10, 15 years maybe?" Soo babee could we colour, make memories, work together, play together (especially doctor 😂) literally do everything together for the longest? ❤️

I'd definitely want to and I definitely plan to

I loveee you so so much!!! And may the oontz be with us always. ❤️

Yours

Ray (destinyyyyyyy, hun, babe).

Kanyor olèng. ❤️
